

FutureTech University

Academic Regulations

Academic Year 2026-2027 | Issued by the Office of the Provost | Effective September 1, 2026

This document sets out the academic regulations governing grading, academic standing, withdrawal, examinations, and appeals at FutureTech University. It works alongside [student_handbook.pdf](#) (attendance and conduct), [tuition_policy.pdf](#) (financial consequences of withdrawal), and [library_rules.pdf](#) (study resources).

1. GPA System and Grading Scale

FutureTech University uses a 4.0-scale Grade Point Average (GPA) system. Each course grade earns grade points as follows, based on percentage score:

Percentage	Letter Grade	Grade Points
95 - 100	A	4.0
90 - 94	A-	3.7
87 - 89	B+	3.3
83 - 86	B	3.0
80 - 82	B-	2.7
77 - 79	C+	2.3
73 - 76	C	2.0
70 - 72	C-	1.7
67 - 69	D+	1.3
60 - 66	D	1.0
Below 60	F	0.0
N/A	W (Withdrawn)	Not counted in GPA
N/A	WF (Withdrawn-Failing)	0.0
N/A	I (Incomplete)	Not counted until resolved

Semester GPA is calculated by multiplying the grade points earned in each course by its credit hours, summing these values across all courses, and dividing by the total credit hours attempted in that semester. Cumulative GPA applies the same calculation across all semesters completed at FutureTech University. Transfer credits (see [admission_guide.pdf](#), Section 7) are recorded as "TR" and do not count toward GPA, though they do count toward total credit hours for graduation.

2. Academic Probation

Students are expected to maintain a cumulative GPA of 2.0 or higher at all times.

2.1 Placement on Probation

A student whose cumulative GPA falls below 2.0 at the end of any semester is placed on Academic Probation for the following semester. Students on probation are limited to a maximum of 13 credit hours per semester and must meet with their academic advisor before registering for courses.

2.2 Removal from Probation

A student on Academic Probation who raises their cumulative GPA to 2.0 or above by the end of the probation semester is returned to good academic standing.

2.3 Academic Suspension

A student on Academic Probation who fails to raise their cumulative GPA to 2.0 or above by the end of the probation semester is placed on Academic Suspension for a minimum of one semester. Suspended students may apply for readmission after the suspension period through the Office of the Registrar, subject to review by the Academic Standing Committee.

Students placed on Academic Probation automatically lose scholarship eligibility for the following semester, regardless of scholarship type. See scholarship_info.txt, Section 2, for full details.

3. Attendance and Grades

As described in student_handbook.pdf, Section 4, students who exceed 20% unexcused absences in a course receive an automatic "WF" grade. This grade is calculated as 0.0 grade points and counts toward the cumulative GPA, unlike a standard "W" grade issued for an approved withdrawal under Section 4 below.

4. Withdrawal Policy

Students may withdraw from an individual course or from the university entirely.

4.1 Course Withdrawal

Course withdrawal must be submitted through the student portal or the Office of the Registrar before the end of Week 10 of a 15-week semester. Withdrawal before this deadline results in a "W" grade, which does not affect GPA but does count against the maximum course withdrawal limit of 6 courses over the course of a degree program. Withdrawal requests submitted after Week 10 are not accepted except in documented emergency circumstances approved by the Dean of the relevant department.

4.2 University Withdrawal

Students who wish to withdraw from the university entirely must submit a University Withdrawal Form to the Office of the Registrar and clear all obligations with the Financial Office, Library (see library_rules.pdf, Section 2, regarding outstanding borrowed items), and Housing Office (if applicable) before the withdrawal is finalized.

4.3 Financial Implications

The academic consequences of withdrawal described above are separate from the financial refund calculations in [tuition_policy.pdf](#), Section 4. A student may be eligible for a partial tuition refund even if the withdrawal occurs after the deadline for a "W" grade, or conversely may receive a "W" grade with no tuition refund, since the two timelines are governed independently.

5. Final Exams

Final examinations are held at the end of each semester according to the official Exam Calendar (see exam_calendar.csv for the complete Fall 2026 schedule by course). Final exams for the Fall 2026 semester will be held December 14-24, 2026.

5.1 Exam Eligibility

To sit a final exam, a student must: (a) not have exceeded the maximum absence threshold described in student_handbook.pdf, Section 4; and (b) have no unresolved registration hold due to an outstanding tuition balance, as described in tuition_policy.pdf, Section 5.

5.2 Exam Conduct

Students must bring a valid student ID to all exams. Unauthorized materials, electronic devices, or communication with other students during an exam constitute a violation of the Student Code of Conduct (student_handbook.pdf, Section 5.1) and will be referred to the Office of Student Affairs.

6. Make-up Exams

Students who miss a final exam due to a documented medical emergency, family emergency, or other serious and unavoidable circumstance may request a make-up exam.

- The request must be submitted to the Office of the Registrar within 5 working days of the missed exam, accompanied by supporting documentation.
- Approved make-up exams are typically scheduled within 2 weeks of the original exam date, in coordination with the course instructor.
- A student who misses a make-up exam without an approved excuse receives a grade of zero for the final exam component of the course.
- Make-up exam requests for reasons not considered a documented emergency (such as travel plans or scheduling conflicts with other final exams in the same time slot) are reviewed on a case-by-case basis by the department chair and are not guaranteed to be approved.

7. Incomplete Grades

An "Incomplete" (I) grade may be assigned when a student has completed the majority of coursework but is unable to finish due to circumstances beyond their control. The remaining work must be completed within 6 weeks of the start of the following semester, or the grade automatically converts to an "F."

8. Appeals Process

Students who believe a final grade was assigned in error, or in violation of stated course grading policy, may appeal through the following process:

- Step 1: Within 10 working days of grade posting, the student must first contact the course instructor directly to request a review and explanation of the grade.

- Step 2: If unresolved, the student may submit a formal written appeal to the Office of the Registrar, including supporting evidence (assignments, exam papers, correspondence with the instructor).
- Step 3: The Registrar forwards the appeal to the relevant department chair, who reviews the case with the instructor and, if necessary, a second independent faculty reader.
- Step 4: A final decision is issued within 15 working days of the formal appeal submission. Decisions of the department chair are final except in cases involving an alleged violation of university policy, which may be escalated to the Academic Standing Committee.

Grade appeals are strictly a matter of academic review and are separate from Student Code of Conduct disciplinary proceedings described in [student_handbook.pdf](#), Section 5.3, which follow a different process managed by the Office of Student Affairs.
